It pays to lead with Honeywell

Transform sales success with Honeywell's high performance data-collection hardware and instant rebate savings designed to increase your profitability and gain a competitive advantage that helps you close more sales.

Take advantage of our instant rebates on our most popular mobile computers, handheld scanners and printers.

			INSTANT REBATE	<i>Honeywell's mobile computers, handheld scanners and printing solutions enable companies to accurately track every item throughout their workflows and improve efficiency, delivering real-time information exactly where it's needed so companies have complete and timely visibility of their goods and services at all times.</i>
	Granit™ 1280i	The Granit™ 1280i wired laser scanner goes the distance, reading barcodes out to 16.5 m (54 ft) or as close as 8.9 cm (3.5 in). Built to read virtually all linear barcodes across a wide depth-of-field, the 1280i supports maximum worker productivity with its extended reading range, intuitive and configurable user feedback, and industrial ruggedness.	\$10	
	Granit™ 1910i & Granit™ 1911i	The Granit™ 1910i (wired) and 1911i (wireless) area-imaging scanners are optimized for demanding, arm's length scanning of 1D and 2D barcodes. They deliver exceptional performance. Class-leading durability, too, with an IP65 rating to meet the demands of a harsh working environment.	\$10	
	Granit™ 1980i & Granit™ 1981i	The Granit™ 1980i (wired) and 1981i (wireless) area-imaging scanners are capable of reading 1D and 2D barcodes from 15 cm (6 in) to 15 m (50 ft). They're packed with technologies that make them easy to use and take the guesswork out of scanning at extended ranges. And Granit 1980i and 1981i scanners are IP65 rated to withstand harsh environments.	\$10	
	PC23, PC43d & PC43t	For light volume labeling applications that require a small footprint and big value, the PC Series desktop printers offer the right features to meet your needs. Highly intuitive, flexible and smart, Honeywell's lineup of desktop printers are the easy choice for a wide variety of light duty labeling applications.	\$30	
	PM43 & PM43c	The PM43 mid-range industrial label printer (and the more compact PM43c) delivers fast, drop-in deployment, advanced connectivity, and proven reliability to maximize uptime.	\$70	
	M-Class	The M-Class is a compact, industrial-strength printer that offers outstanding value with a broad range of features. The smaller footprint is ideal when users need the power of industrial printers but must consider space limitations. The M-Class has proven to be the perfect solution for warehouse, healthcare, logistics and retail applications. The modular design of the M-Class makes maintenance and part replacement easy, and the flexible design allows for a variety of options to be upgraded in the field.	\$80	
	H-Class	The H-Class is a rugged and versatile printer that offers one of the most feature rich solutions for dynamic enterprise applications and is twice as fast as other printers in its class. The H-Class is ideal for high volume label printing in manufacturing, warehouse, transportation, and high resolution labeling. H-Class reduces the total cost of ownership with its gear driven design to provide rugged and reliable performance for 24X7 mission critical services.	\$90	
	Captuvo SL22 & SL42	Transform a multitude of Apple® devices into an enterprise-ready devices that empowers your mobile team members to be more agile, efficient and productive – all while improving the customer experience. The Captuvo Enterprise Sleds equips your workforce with increased scanning throughput and protective housing for Apple® devices in a rugged environment.	\$25	
	CN51	Designed for a superior user experience, the CN51. Mobile Computer offers unparalleled versatility, allowing the choice of Windows® or Android™ operating systems on a single device coupled with a power-packed 1.5 GHz dual-core, multi-engine processor, 1GB RAM and 16 GB Flash for the highest degree of future-proofing capability.	\$100	
	CK3R & CK3X	Optimize your operations into an efficient, automated, and high-performing work environment with the CK3R or CK3X, the mobile computers you can count on to keep your workers running productively at full speed to deliver enhanced workflow performance. With high-performance, omni-directional scanning and industry-leading battery life, the rugged CK3R and CK3X Mobile Computer streamlines workflows and enhances the performance of your workforce. The CK3X has an optional field-installable RFID reader to adapt to your changing data collection needs.	\$100	
	CK71	A true no-compromise solution. In addition to being 31% smaller and lighter than other form factors in its class, the CK71 mobile computer is optimized (IP67) for your warehouse and distribution environments with premium, industrial-grade materials. It's the perfect balance of ruggedness and duty cycle, even in the most extreme conditions.	\$150	

RESELLER TERMS & CONDITIONS:

This promotional rebate program is valid and available to all resellers in United States and Canada only.

All purchases invoiced prior to August 1, 2016 and after December 31, 2016 are excluded from this promotion.

Standard payment terms and all other standard terms and conditions apply.

Honeywell has the right to change, cancel, modify, or end this promotion without prior notice.

All rebate amounts are in USD.

Only products listed in the table above are included in this program and can make up eligible orders.

Both Performance Partner and Project Registration (PR) discounts can be combined with the promotional rebate pricing, but Price Exceptions (PE) cannot be combined with the promotional rebate pricing.

This promotion cannot be combined with any other rebate or trade-in pricing that has been offered directly to an end user or to/through a reseller.

The reseller will receive the rebate in the form of an instant rebate (price reduction) at the time of purchase.

The reseller should contact their preferred distributor e.g. BlueStar, Ingram Micro and ScanSource for promotional rebate pricing.

The reseller's account must be current and in good standing to receive the promotional rebate price.
