The 2010 Printer Trade-in Program

Take advantage of the Intermec Printer Trade-in Program and get the industry's smartest bar code printers working for you. Talk about quick ROI!!

Whether your printer was made by Intermec or another manufacturer, trade it in now, purchase a qualifying new Intermec printer and you'll earn up to \$450. Choose from our most popular printer categories:

- Rugged Industrial Fixed Printers: Smart, strong and secure to meet the demands of mission critical applications.
- Rugged Mobile Receipt & Label Printers: Delivering the fastest performance in the field (or in the warehouse), to keep your worker productivity high.
- Desktop Printers: Easy to use, space-saving printers that fit your business.

Get the complete list of qualifying printers and learn how you can maximize your savings by also adding genuine Intermec Media and Services to your purchase.

Better Together Trade-In Program

This is a great time to add an Intermec integrated data-collection solution to your warehouse operations - it can really boost your warehouse productivity. Start with the Intermec CK3 mobile computer to perform multiple computing functions on a single device.

Optimize performance of the CK3 connection to your back-end inventory system with the Intermec Client Pack software. Add an Intermec rugged mobile label printer and benefit from a time-to-first-label solution that's twice as fast as the competition. That's called value. And it's about to get even better.

Raise productivity while you lower costs with rebates up to \$375 per unit.
