

The SF61B scanner pairs
swiftly with virtually
any Bluetooth device.
And moves from pocket
to palm in the blink of an eye.

Intermec Delivers Results

The SF61B Mobility Scanner performs in ways that other scanners can't. Boasting battery life beyond a full shift, it's super-rugged, pocket-ready, and communicates with virtually any Bluetooth® device: tablets, smartphones, laptops, the works. SF61B: Maximum productivity within your reach.
