

The SF61B scanner pairs swiftly  
with virtually any Bluetooth device.  
And moves from pocket  
to palm in the blink of an eye.

## Performance Scanning for the Mobile Worker

The SF61B Mobility Scanner performs in ways that other scanners can't. Boasting battery life beyond a full shift, it's super-rugged, pocket-ready, and communicates with virtually any Bluetooth® device: tablets, smartphones, laptops, the works. SF61B: Maximum productivity within your reach.
